Seacoast Sound Inc. Scores Very High in Supplier Performance Ratings Survey

[Performance Report: Click Here](#)

Naples, Florida 10/22/07

In a continuous effort to improve the performance of its services, Seacoast Sound Inc. had an independent survey of its customers conducted by Open Ratings, Inc., a Dun & Bradstreet company, in October 2007. **Seacoast Sound Inc. scored an overall rating of 90 (out of 100).** This Summary Performance Rating of our suppliers is an assessment of our likely overall performance, which indicates where our Summary Performance Rating falls in comparison to other rated companies in our SIC group. Open Ratings calculates supplier performance scores using a sophisticated algorithm that takes into account the amount of information available on a supplier, the recency of the information, and the accuracy of the raters. Ratings range from 0 to 100; however, this is not a percentile score.

The ratings are developed through a survey of recent customers, who are asked to rank Seacoast Sound Inc. in each of the following service areas: Reliability, Cost, Order Accuracy, Delivery/Timeliness, Quality, Business Relations, Personnel, Customer Support and Responsiveness.

Gene Howarth, President of Seacoast Sound Inc. said, "This is very important for us as we continuously look for ways to support our clients with quality services and products. Needless to say, we are extremely gratified and pleased with the results. This offers us further proof that our approach to conducting business in a collaborative and forthright manner is a win-win situation for us and our customers."

Seacoast Sound designs and installs engineered solutions for home automation. Services include audio video distribution, home theaters, media rooms, game rooms, lighting control, HVAC, security systems, CCTV, phone systems, motorized shades, and 2-channel music systems.

Seacoast Sound has a commercial division specializing in the hospitality industry, courthouses and government facilities, Houses of Worship, and various local and national businesses.

Seacoast Sound provides the highest class of products, service, and electronic integration serving the finest homes in Naples, south Florida, and New England. Offices in Naples, Florida & Ogunquit, Maine.
